which are compatible in split screen mode. Also if you are already aware of this feature and have been using it then, do share your experience with us. Apps are no different than files you download from the internet. Android how to multitask reliance digital Resource Centre smartphone split screen Step 4: On tapping you will find that the app is pinned on the top left of the screen. The remaining recent apps will automatically appear on the right side or bottom side of your smartphone screen. Here we have taken YouTube App as an example. Step 2: Select one of the apps you wish to view in split screen mode. Once the app opens, tap & hold the recent button. Once again, the screen will split into two. Initially, you may take time to get accustomed to it. You can scroll through the apps on your smartphone and simply tap on it. If you want to view and use two apps again, just repeat the split screen mode process to enable. Photo Courtesy: SOPA Images/Getty Images Open the Google Play store on your device and then search for the specific name of the app or any broader category that might interest you. As long as there is enough space left on your device, the app will likely be ready for use once it is done downloading. As with Google Play, it is often pre-installed on phones. Sounds exciting! Isn't it? Step 3: Now a dropdown menu appears. Tap on 'Open in Split screen view' option among the other options displayed. Step 2: Tap or long-press the icon near the top of the individual app icon. With the launch of split screen mode in Android 7 (Android Nougat), Google has managed to offer a standardized split screen mode for all its Android smartphones & tablets. Sometimes (especially when it is meant for computers), an app is compressed into a ZIP file (.zip or .zipx) to save space. Photo Courtesy: Kim Kulish/Getty Images Select whichever free or paid app you are interested in seeing a brief description of the app. Press and hold the black line in the center of the split screen. You can locate it in a corner of your smartphone screen while browsing through other apps and content on the main screen. But once you've tried this new technique of enabling the split screen, you'll probably find it super easy to use. But no longer! 2. You need to make sure that YouTube is visible under the recent list of apps. Once you find touch it on it. The screen will split in two. Using Apple App Store Apple App Store Host apps designed for iPhones, iPads and other Apple devices. Choose the app you want and follow the directions on the screen to download it to your device. Depending on the direction you scroll, you can view two of the apps in full screen. If you scroll down, you can view YouTube in full screen. You can even adjust the placement of the app by dragging and fixing it in a suitable corner of the screen you want to place it. In case of a mode 'horizontal', you can scroll the left or right side of the screen for the same. If the app is free, you should start downloading; if no, you will be required to pay it. This means that the app is not compatible in split screen. How Does App Download Work When you download a file on your network, whether from a store or elsewhere, a file hosted on an online server is copied to your computer. Photo courtesy: image Alliance / Getty Images More from DomanySwered.net A few years ago, multitasking on smartphones may have sounded like a ridiculous idea. For example, if you are browsing something on Google Chrome and want to view YouTube on the mode PIP, you can press the buttons of the vessels. The screen will split a bit. Here's how you can enable the multitasking feature on your smartphone. You will see all the recent applications listed in chronological order. While we chose to keep Google Chrome the main application, we used the Picture-in-Picture (PIP) for YouTube. In this way you can view the YouTube app in Picture mode in Picture (PIP). So doing, you can automatically view two apps on the screen now. Touch the app you want to view or operate at the same time as the previous app. Step 4: Once the second app is selected, you can view both apps simultaneously on the Android device. Brands include Samsung, Huawei, LG, Motorola, ZTE and many others. If you liked this article, share it with your family and friends as well. 3. In case you are viewing two apps in portrait mode, you can scroll up or verse. Luckily, app downloads can be fast, simple and easy no matter what technology you're using. Like other app stores, it lets you filter apps by category, including featured apps, the latest apps, popular apps, theme categories, and more. Here we took the Google Chrome and YouTube app as an example. You can scroll through apps horizontally to find the app you want to view through the Split Screen Step 5: tap the app you want to date with the app you selected earlier. Step 1: Tap the recent button for Overview The list of recent apps on the smartphone screen. You'll see a carousel as the layout of each app. Brief for an application, apps allow you to do everything from listening to music to synchronizing your phone to your car to play. Let's take the above image as an example, here we have two apps open in split screen: 1) youtube 2) whatsapp. You need to sign in or create an account to complete your purchase. To make there, you may need another program, such as WinZip or 7-Zip, to open it, although you may also be able to open it from the left or by right-clicking if the device arrived with the possibility to open zip files. So, if you are an Android Oreo or Android Pie user smartphone and love multi-tasking, you are in pure luck as you can easily work with two apps at the same time! For example: You can compare the price between two commercial sites at once! Or you can chat with your friends on WhatsApp besides watching Netflix. Image: 'In Action' Mode (PIP): There is also an option called as an image in action mode. To download apps for an Android device, you can either visit the Android website or use the Google Play app. Either way, once the file is downloaded, you are good to go. But if you are not aware of how to enable the split screen mode, here is a quick look at how you can simply access multiple apps at the same time via this mode. Photo Courtesy: Scott Barbour/Getty Images Apps are typically set up as executable (.exe) files, although apps meant for Apple devices often come as either APP (.app) or DMG (.dmg) files. Step 3: Tap on the Picture-in-picture Option under Special Access. You will find an option to enable the PIP mode. Let's take an example to understand the PIP mode better. Read on to learn about how and where to download apps. Note: Not all apps are split screen compatible. With so many apps to choose from, however, it can be a bit daunting if you don't know how to download them. To find out which apps are compatible in split screen mode, you can simply long press on the recent button under the app list, look for apps with split box like symbol on the right side corner. If you don't find the split screen option in any of the recent apps, Step 1: Click on the settings option on your Android smartphone. Tap on Apps Option under settings Step 2: Tap on more options (three vertical dots on the right corner). A dropdown will appear. Tap on Special Access option under Apps. Photo Courtesy: i.
